

SERVICE ADVISORY **for your Checking Account**

CHECK IMAGE CLEARING SYSTEM (CICS)

In 2015, the Philippine Clearing House Corp. (PCHC) started the CICS Initiative. It aims to speed up check processing thru an electronic (digital) image based clearing process.

BENEFITS OF CICS

- Faster crediting of funds to the customer's account
- Quicker feedback if check is funded or not

WHAT DOES THIS MEAN FOR PBCOM CHECKING ACCOUNT HOLDERS?

Starting June 2016 SOA cycle, checking account clients will no longer receive physical copies of their issued checks.

- Check images (electronic) will be printed in your statement of accounts
- Requests for physical checks will be accommodated thru your branch of account with a minimal fee
